VRISHA 06 2024

Originator: Spandana Sphoorty Financial Limited

September 24, 2024

Instrument#	Amount Rated& (₹ crore)	Rating[1]	Rating Action
Series A1 PTCs	75.47	CARE AA- (SO)	Final Rating Assigned

#The pass-through certificates (PTCs) are rated based on the timely payment of interest and the payment of principal by final legal maturity.
&As on August-24 payouts
Details of instruments/facilities in Annexure-1.

Rationale and key rating drivers

CARE Ratings Limited (CARE Ratings) had assigned the rating of 'Provisional CARE AA- (SO)' [pronounced as 'Double A Minus (Structured Obligation)'] to the Series A1 PTCs, issued by VRISHA 06 2024, backed by a pool of microfinance loan receivables originated by Spandana Sphoorty Financial Limited (SSFL).

The rating is now confirmed and 'CARE AA- (SO)' [pronounced as 'Double A Minus (Structured Obligation)'] has been assigned to Series A1 PTCs.

Furthermore, the above rating was final based on the below-mentioned documents submitted to the satisfaction of CARE Ratings:
a) Account Agreement
b) Assignment Agreement
c) Servicing Agreement
d) Trust Deed
e) Power of Attorney
f) Information Memorandum
g) Legal opinion from an independent legal counsel
h) KYC Audit Report.

Rating sensitivities: Factors likely to lead to rating actions

Positive factors - Factors that could, individually or collectively, lead to positive rating action/upgrade:

- Delinquencies (90+ DPD as % of initial POS) of <2% coupled with the sustained high collection efficiency (cumulative collection efficiency of >98%).
- Build-up of cash collateral of more than 2x the initial proposed (10% of the balance principal outstanding [POS]).

Negative factors - Factors that could, individually or collectively, lead to negative rating action/downgrade:

- Delinquencies (90+ DPD as % of initial POS) of >5% coupled with the sustained lower collection efficiency (cumulative collection efficiency of <90%).
- Sharp deterioration in the credit profile of the originator.
- Utilisation of CC.
- Non-adherence to key transaction terms envisaged at the time of the rating.

Analytical approach

The final rating is based on conformity of the executed transaction documents with the proposed structure of the transaction. The rating also factors inter alia, the analysis of the underlying pool of receivables, the expected performance of the pool, performance of originator's portfolio and transaction structure including the credit enhancement.

Detailed description of the key rating drivers

The ratings assigned are finalised based on the structure provided to CARE Ratings by SSFL, the originator. The ratings have been confirmed after copies of the legal documents executed in accordance with the structure, a due-diligence audit report by an external auditor, and an independent legal opinion was furnished by the originator (SSFL), to the satisfaction of CARE Ratings.

[1]Complete definition of the ratings assigned are available at www.careedge.in and other CARE Ratings Ltd.'s publications

Key strengths:

- The robustness of transaction structure and well-defined payment mechanism;
- Credit enhancement comprising cash collateral, subordinated over collateral and EIS;
- No overdue contracts as on the pool cut-off date; all contracts are ever current as on the pool cut-off date;
- Underwriting policies and collection capabilities of SSFL;
- High weighted average seasoning (based on EMIs paid) of around 6.18 months with amortisation of around 21.55% of initial pool principal.

Key weakness:

- Weak borrower profile as this segment is susceptible to socio-political interference and other external shocks.

Liquidity: Strong

The inherent liquidity in the structure is strong. The interest payouts for Series A1 PTCs are promised on a monthly basis, while the principal of Series A1 PTCs is promised to be paid by final legal maturity. In case of any delinquency, the payouts are expected to be supported by credit enhancement consisting of cash collateral, principal subordination in the form of over collateral and EIS.

Key rating assumptions

CARE Ratings has analysed the transaction to assess whether the CE is sufficient to cover the shortfalls. Since the transaction is sensitive to the credit quality of the underlying pool, CARE Ratings has analysed the performance of static pools provided by the originator and the overall portfolio performance of the originator. Considering the borrower profile, nature of the loan, pool characteristics, and portfolio performance, CARE Ratings has taken the average shortfall at 7.50-9.50% of the principal outstanding. The base case shortfalls were stressed along with other key factors, such as the timing of shortfalls, the recovery assumptions, and the time to recovery. The pool cash flow has been further adjusted for prepayments of underlying loans, assuming a monthly prepayments in the range of 0.50%-1.00%.

About the company and industry

Industry Classification

Macro-Economic Indicator	Sector	Industry	Basic Industry
Financial Services	Financial Services	Finance	Securitisation

SSFL was incorporated on March 10, 2003, under the provisions of the Companies Act, 1956. It was registered as on non-deposit accepting non-banking finance company (NBFC) with the Reserve Bank of India (RBI) and was classified as an NBFC-microfinance institution (MFI) effective April 13, 2015. The company went into CDR, post the AP crisis in 2010 and exited CDR in April 2017.

SSFL was promoted by Padmaja Reddy, who holds around 15% stake in the company and is a member of the board but does not hold significant control. Other major stakeholders are Kedaara Capital and Affiliates (holding 58.19%), JM Financial Products Limited (holding 9.94%), and Valiant Mauritius Partners FDI Ltd. (holding 9.46%). The new CEO, Shalabh Saxena, and the CFO, Ashish, have prior experience in Bharat Financial. The positions of CTO, CBO and CXO were also filled thereafter by Kedaara Capital.

SSFL has presence in 14 states with 1,533 branches. The portfolio is moderately diversified, as Madhya Pradesh constituted the maximum of 21.31%, while the top four states constituted 76.06% of the portfolio. SSFL is focused towards its micro-credit business and follows the joint-liability group (JLG) model for risk mitigation. SSFL's business is targeted towards under-privileged women. Each centre typically manages one to three groups, with each group consisting of 8 to 12 members.
