

Geojit Credits Private Limited

September 16, 2026

Facilities/Instruments	Name of the Regulator ¹	Amount (₹ crore)	Rating ²	Rating Action
Long-term / Short-term bank facilities	RBI	75.00	CARE A; Stable / CARE A1	Reaffirmed

Details of instruments/facilities in Annexure-1.

Rationale and key rating drivers

Reaffirmation of ratings of bank facilities of Geojit Credits Private Limited (GCPL) factors strong promoter background, shared brand name, experienced management team, and strong risk management practices. Ratings are further supported by well-established presence of Geojit Financial Services Limited (GFSL) in the capital market, which is the group's flagship company. Primarily offering loans against shares (LAS) to retail customers of GFSL, GCPL currently complements capital market-related products already offered by GFSL group.

However, these strengths are partially offset by GCPL's nascent stage of operations, susceptibility to regulatory changes, and dependence on the capital market for its asset class. As a non-banking financial company (NBFC), GCPL will require significant capital, necessitating continued support from its parent.

Rating sensitivities: Factors likely to lead to rating actions

Positive factors: Factors that could individually or collectively lead to positive rating actions/upgrade:

- Sustained improvement in credit profile of the flagship entity of Geojit group, GFSL.

Negative factors: Factors that could individually or collectively lead to negative rating actions/downgrade:

- Material dilution of GCPL's linkages with the Geojit group.
- Weakening credit profile of the flagship entity of Geojit group, GFSL.
- Adverse event in capital markets and regulation, impacting the company's financial and business profile.
- Substantial and sustained deterioration in the company's capitalisation profile.
- Sustained deterioration in return on net worth (RONW) (%) below 9% on a consolidated basis.

Analytical approach:

CARE Ratings Limited (CareEdge Ratings) has analysed GCPL's standalone credit profile, factoring financial and managerial linkages with the parent company, GFSL.

Outlook: Stable

CareEdge Ratings believes that GCPL will continue to receive need-based support from the parent GFSL, given the strategic importance, shared brand name, and management control, while maintaining a steady business growth and profitability, and keeping asset quality under control.

Detailed description of key rating drivers:

Key strengths

Part of an established group with a strong retail customer base

GFSL is the majority shareholder with a 93.42% stake in GCPL (as on March 31, 2026) and shares brand name and common senior management. The fellow subsidiary Geojit Fintech Private Limited (Formerly known as Geojit Techloan Private Limited) holds 1.25% stake in the company. GCPL provides services complimentary to product offerings of GFSL and helps the group in improving customer stickiness and providing full basket of services to Geojit group's customer base.

GFSL has a long track record of about three decades (1987) in the capital market segment and has its presence in retail broking segment, especially in cash market segment as reflected in its market share of 0.54% in retail cash segment in FY26. The market

¹SEBI: Securities and Exchange Board of India; RBI: Reserve Bank of India; MCA: Ministry of Corporate Affairs; IRDAI: Insurance Regulatory and Development Authority of India; PFRDA: Pension Fund Regulatory and Development Authority.

²Complete definitions of ratings assigned are available at www.careratings.com and in other CARE Ratings Limited's publications.

share in retail cash segment was impacted, considering high speculative volumes in the Futures & Options (F&O) segment in the last few fiscals, thus delivery volumes as a proportion of overall cash volumes declined significantly. However, GFSL's client base is sticky, and helping to maintain overall turnover in retail cash segment in low volume periods in the market. They offer wide spectrum of financial services to offer to clients including online broking for equities, commodities, derivatives, and currency futures, custody accounts, financial products distribution, portfolio management services, and margin funding, among others. GFSL also has operations outside the country through subsidiaries, an associate and joint ventures (JVs) in Oman, Kuwait, and the United Arab Emirates (the UAE).

Seasoned management team and strong risk management

C J George is the managing director of GCPL. He has been instrumental in setting up the Geojit brand and has been engaged in equity broking since the early 1980s. His experience helps in providing guidance and direction to the group, which operates through multiple associates across India. The senior management team is led by Tom James and Aswathi C Madhavadas. Tom James having 14 years of experience as a Chartered Accountant has been part of the group (GFSL) since 2017, and Aswathi C Madhavadas having eight years of experience in Corporate Secretarial Compliances has been part of GCPL since 2017.

CareEdge Ratings takes note of the planned management succession at GFSL, which reflects a structured transition of leadership within the promoter family. Effective October 1, 2026, Jones George, currently Executive Director and Whole-time Director of the company, is slated to assume the role of Managing Director for five years, subject to shareholders' approval. Jones George will succeed C. J. George, who will step down as Managing Director and continue to serve as Executive Chairman of the company. Given Jones George's existing involvement in the business and the continuity provided by C. J. George's ongoing association as Executive Chairman, CareEdge Ratings expects the transition to be smooth, with no material disruption to the company's strategic direction, operational execution, or governance framework.

Key weaknesses

Small scale of operations and weak profitability

GCPL is in nascent stage of operations. It started providing digital LAS to customers in FY22, and disbursements have been increasing at a slow-yet-steady pace. GCPL had a book size of ₹ 132.69 crore as on March 31, 2026, which further increased to ₹ 142.59 crore as on June 30, 2026. The company's current loan book is funded through own capital or debt, mainly from promoters and group companies. The company has also external debt of ₹5.86 crore as of June 30, 2026. The company predominantly serves GFSL's existing clientele, while also extending its services to non-GFSL customers, providing complementary service to GFSL's clients. On the profitability front, the company reported profit after taxes (PAT) of ₹2.75 crore in FY26 compared to ₹1.90 crore in FY25, and in Q1FY27 it reported a PAT of ₹0.81 crore. GCPL's return on total assets (ROTA) was at 2.40%, largely in line with FY25, 2.46%. The company's performance and scalability remain a key monitorable as it has limited seasoning.

Risk inherent in the capital market lending business

LAS and loan against mutual funds (LAMF) businesses form majority proportion of GCPL's business. The company's earning profile depends on volatile capital markets. Adverse event in capital markets could erode value of underlying collateral stocks, leading to loan call backs, adversely affecting GCPL's financial performance. Being part of the Geojit group, the company through its strong risk management and margin requirement policies, partly mitigates the risk associated with LAS and LAMF.

Liquidity: Strong

GCPL's liquidity profile remains comfortable considering availability of need-based support from the promoters of Geojit group, having a strong financial flexibility. Currently, the company has ₹150 crore of sanctioned lines from its group companies which can be availed in case of exigencies. The company had no negative cumulative mismatches per ALM dated June 30, 2026, and had external borrowings of ₹5.86 crore. Going forward, the company is expected to maintain liquid funds to the tune of debt repayments for the next 30 days to further support its liquidity profile.

Assumptions/Covenants: Not applicable

Environment, social, and governance (ESG) risks

Given GFSL's service-oriented nature of business, its direct exposure to environmental risks remains low. However, as a responsible financial services organisation, GFSL's focus is on minimising our environmental footprint by reducing resource intensity across our infrastructure and digital ecosystem, while strengthening governance and climate resilience. GFSL's approach is anchored in efficient energy use, responsible resource management, and sustainable workplace practices, supported by a structured ESG framework.

About the company and industry

Industry classification

Macroeconomic indicator	Sector	Industry	Basic industry
Financial services	Financial services	Finance	Non-banking financial company (NBFC)

GCPL is a non-deposit taking NBFC registered with the Reserve Bank of India (RBI). It is a subsidiary of GFSL. GCPL was established in 2005 by taking over the erstwhile A S R Financing & Leasing (P) Limited.

GCPL primarily offers financial services, including LAS. The company serves customers across India, leveraging the extensive network and expertise of its parent company, GFSL. GCPL largely serves existing customers of GFSL, and the LAS offering acts as a complementary product for GFSL.

About the parent

GFSL is a diversified investment services provider offering broking services across equities, commodities, derivatives, and currency futures, and margin funding and custody account services through its wholly owned subsidiary, Geojit Investments Limited. The company also provides a broad range of financial solutions, including the distribution of financial products, private wealth management, portfolio management services, and other related investment and advisory services.

The company was established in 1987 as a partnership firm by C. J. George and Associates and was subsequently incorporated as a public limited company. In 2007, BNP Paribas acquired a significant stake in GFSL. As on March 31, 2026, BNP Paribas held 7.44% of the equity, followed by the promoter family with 22.67% and Kerala State Industrial Development Corporation (KSIDC) with 8.36%.

GFSL serves resident and non-resident Indian (NRI) clients. It has operations in Oman, Kuwait, and the UAE through subsidiaries, an associate, and a JV. Within India, it operates through a network of branches and franchisees, with a large share of its clientele and offices in Tier-II and Tier-III cities.

As on June 30, 2026, GFSL's extensive distribution network consists of over 525 offices (across India and GCC) spread over 20 states and three union territories in India and four Middle Eastern nations. The company has a strong presence in Tier II and Tier III cities in India with 79% branch network and 77% clientele situated there. As on June 30, 2026, the company's customer assets stood at ₹1.11 lakh crore and has 16.96 lakh clients.

GFSL or Geojit group (group) has seven subsidiaries, one associate and one JV. Its shares are listed on the National Stock Exchange (NSE) and the Bombay Stock Exchange (BSE).
