Dear Sir/Madam,

Please find enclosed key business updates of the Bank for the quarter ending September 30, 2026. Figures as of September 30, 2026, are provisional and subject to audit by the statutory auditors of the Bank.

During the quarter the Bank mobilized Rs. 34,390 crore (~US\$ 3.6 bn) of FCNR(B) deposits. Of this, IBU branch of the Bank had extended leverage of Rs. 24,885 crore (~US\$ 2.6 bn) to NRI customers. Such leverage of Rs. 24,885 crore availed by customers was in turn booked as FCNR (B) deposits in the domestic Balance Sheet.

Excluding the leveraged FCNR (B) of Rs. 24,885 crore from both advances and deposits, the growth in Loans & Advances, Deposits and CASA ratio % is provided in the table below:

In Rs. Crore	30-Sep-26	30-Jun-26	QoQ Growth %	30-Sep-25	YoY Growth %
Loans & Advances	3,13,864	2,97,834	5.4%	2,60,690	20.4%
Total Deposits	3,23,697	3,11,892	3.8%	2,76,771	17.0%
Customer Deposits (Deposit excl. Certificate of Deposits)	3,16,529	2,99,405	5.7%	2,69,094	17.6%
CASA Ratio%	51.3%	50.8%	-	50.1%	-

- Domestic Credit Deposit ratio stood at 89.9% as on September 30, 2026. This excludes the advances and deposits of the IBU branch.
- Including FCNR(B) loans on the IBU balance sheet, Gross Advances at the Bank's overall level stood at Rs. 3,38,749 crore, QoQ growth of 13.7% and YoY growth of 29.9%. These numbers do not include credit substitutes like Bonds, PTCs, etc.
- Including FCNR(B), at the Bank's Overall level, the Total Deposits of the Bank was Rs. 3,48,582 crore, QoQ growth of 11.8% and YoY growth of 25.9%, and CASA ratio stood at 47.6% as on September 30, 2026.
- Including FCNR(B), at the Bank's Overall level, the Customer Deposits of the Bank was Rs. 3,41,414 crore, QoQ growth of 14.0% and YoY growth of 26.9%.
- Due to strong FCNR(B) deposit flows during the quarter and consequent excess liquidity, the bank slowed down deposit growth and reduced Certificate of Deposits, to manage surplus liquidity.
- Bulk Rupee Term Deposits (>= Rs. 3 crore) as % of Total Deposits reduced from 17.1% at June 30, 2026 to 13.9% at September 30, 2026. This has structurally strengthened the balance sheet. It was 18.2% at September 30, 2025.
- The average Liquidity Coverage Ratio (LCR) for Q2-FY27 stood at 125% as compared to 116% in Q1-FY27.
- The asset quality of the Bank continues to remain strong.

Thanking you,

For IDFC FIRST Bank Limited
