Key Business Highlights for the quarter ended September 30, 2026

Management Commentary

At the start of FY27, we had outlined two key priorities for the year: consistent improvement in asset quality and productivity. We made steady progress on both these parameters during the quarter.

PAR X(1+) sequentially improved by 13 bps to 6.88% and GNPA by 19 bps to 4.30%. Productivity improved meaningfully, with AUM per employee up 17% Y-o-Y. We expect both trends to sustain through H2FY27.

AUM grew 26% Y-o-Y in Q2FY27, with disbursements growing 10% Y-o-Y and 15% Q-o-Q. We took a calibrated approach to growth this quarter and moderated disbursements in drought affected parts of Maharashtra, Karnataka and Madhya Pradesh. Provided delinquency trends remains stable, we expect to return to normalised disbursements in these regions in H2FY27.

With the seasonally stronger H2 ahead, we remain firmly on track to deliver on all parameters of our FY27 guidance.
