A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. Our review included consideration of the financial information extracted from the Company's existing accounting systems and the relevant records and supporting schedules made available by the Management. Our procedures also included inquiries, analytical review of financial information, consideration of significant variations and unusual balances, and examination of selected supporting information, as considered necessary in the circumstances.

A review is substantially less in scope than an audit conducted in accordance with the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of Unaudited Financial Results read with notes therein, prepared in accordance with the recognition and measurement principles laid down in INDAS 34, prescribed under section 133 of companies act, the RBI guidelines, and other accounting principles generally accepted in India, has not disclosed and information required to be disclosed in accordance with the requirements

of the Regulation 33 and 52 of the SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015, as amended including relevant circulars issued by the SEBI from time to time, including the manner in which it is to be disclosed, or that it contains any material misstatement, or that it has not been prepared in accordance with the relevant prudential norms issued by the RBI in respect of income recognition, asset classification, provisioning and other related matters.

5. A copy of the unaudited quarterly and half year ended financial results of the Company for the period under review, which formed the basis of our limited review, duly initiated by us for the purpose of identification is enclosed to this report.

Emphasis of Matters

6. We draw attention to Note No. 15 to the financial statements, which describes

The Company has undertaken the phased implementation of an integrated Enterprise Resource Planning (ERP) system covering various operational, accounting and financial reporting functions across its branches and business units. The implementation and migration of the respective systems were taken in a phased manner between July 2026 to Sep 2026 with the last tranche of migration on 30th Sep 2026. During the transition period, financial information has been processed through the newly implemented ERP module. Accordingly, the financial results for the half-year ended September 30, 2026, have been prepared based on financial data extracted from the source systems and records, supplemented by appropriate automated compilation and consolidation procedures.

The Management is continuing the process of reviewing and reconciling the relevant financial information, including balances and transactions, to ensure completeness, accuracy and consistency of the financial records. The migration and implementation processes are currently in audit by two renowned external firms to ensure accuracy, completeness, and compliance.

The Management will evaluate the outcome of the ongoing reconciliation and validation procedures and account for any adjustments identified in accordance with the applicable accounting standards

The completion of the migration process, including the reconciliation and validation of financial information across the respective systems, remains the responsibility of the Management.

7. We draw attention to Note No. 18 to the financial statements, which describes

DTL as per the RBI (HFC) regulations on Special Reserves is not maintained in the books of accounts separately. However as per the RBI regulations the DTL on Special Reserve is considered for reduction in calculation of owned funds for the purpose of CRAR and other relevant ratios.

Our conclusion is not modified in respect of this matter.
